Re: New Fire Training Facility in Hampton Bays

The Town of Southampton is pleased to announce the opening of the Firematic Training Facility in Hampton Bays. The facility can be used as a Smoke house or for Technical Rescue Operations. There will be no burning at the facility.

At the request of the Town Attorney's Office and the Insurance Carrier for the Town, a Certificate of Insurance is needed on file from each Fire District and Village Fire Department. The Certificate of Insurance must name the Town of Southampton as the Certificate holder.

Should your department wish to schedule a training drill, please call my office at 288-0201 (Ext:20) to arrange a date and time.
